

Calvert Library and Calvert County Public Schools Present

Summer Reading: #calvertREADS 2017

Calvert County Public Schools and Calvert Library proudly announce #calvertREADS!

We have partnered to create this brand new summer initiative and share our love of reading with the community! Adults and students are invited to participate simply by keeping track of the number of books read during the summer on the Calvert Library Beanstack platform. Our goal is to read 30,000 books! As the parent/guardian of a CCPS student, you can help ensure your child is reading over the summer and returns to school in the fall ready to learn! Participants can earn prizes along the way. Students will have the opportunity to sign up in school or at Calvert Library prior to the start of summer. Information can also be found on Calvertnet and at Calvert Library.

Sign up at School

We will create usernames and passwords using your student's current CRAB Card credentials. This will ensure that students know their credentials and can share in their success at school in the fall.

Crab Card User: calv12345 (student ID)

Password: 8 digit birthdate

***Please contact your child's librarian if you DO NOT wish for your child to sign up.*

Want Text Reminders?

Get the latest information from Calvert Library or #CalvertREADS. Text 81010 with the message @calvreads for reminders.

No phone? Get emails.

Go to rmd.at/calvreads on a desktop computer to sign

up for email

notifications.
